

GENTLE RAIN

traditional healing

I go by the names Robert or Gentle Rain (Mvula in Xhosa). I am a Traditional Healer (Igqirha) specialising in a variety of holistic treatments. I am passionate about medicinal plants and, with a strong focus on life skills, I help you successfully deal with life on life's terms.

My practice consists of an eclectic mix of herbal remedies, plant spirit medicine and intuitive energetic healing techniques. I am a Reiki Master Teacher, trained Herbalist and have received instruction from The Emissaries of Divine Light in the discipline of Attunement.

I believe that healing is about a focus on nurturing rather than battling against the body. I prefer not to concentrate on the outcome, but rather honour where you are at.

I have learnt many traditional ceremonies and healing techniques and use this accumulated wisdom which has been passed down to me from wonderfully wise and patient mentors. It is my deepest wish to share the awe of the world with humility and gentleness.
